I will be boarding my pets at Gentle Care Animal Hospital from \_\_\_\_\_ to \_\_\_\_\_  
\_\_\_\_\_. I have requested that \_\_\_\_\_ and \_\_\_\_\_  
be boarded in the same cage/run.

1. Do these pets get along well at home? Yes / No
2. Has there EVER been any type of altercation between these two pets? Yes / No  
If yes, please explain below:

3. Has either pet ever demonstrated food aggression? Yes / No
4. Do you want them separated for feeding? Yes / No  
I have been informed that in a situation where pets are boarded in the same cage,  
it can be exceedingly difficult for us to monitor if both pets are eating (or if one  
pet is eating all of the food overnight). \_\_\_\_\_-INITIAL HERE.
5. Fecal checks are required for all pets to board at GCAH. Monitoring defecation can be  
difficult when pets are caged together if anyone has an “accident” in the cage. I  
understand my pets will be separated until any required fecal samples have been  
collected. \_\_\_\_\_-INITIAL HERE.
6. I understand that I will be required to pay for boarding 2 dogs even if my pets board  
together the entire time. The boarding charges are not just for cage space; they are for  
feeding, walking, and caring for your pets during their stay. \_\_\_\_\_-INITIAL  
HERE.

I understand that, sometimes in a boarding situation, pets do not always behave the way they do at home. I have read and signed Gentle Care’s “Disclosure Form” and am aware of their staffing hours and that my pets will not be monitored 24 hours per day. I understand that if Gentle Care Animal Hospital witnesses ANY type of altercation (i.e. growling, snapping, one pet preventing another from eating), the pets will be separated immediately and will not be given the opportunity to be caged together in the future. I agree to pay any costs incurred by Gentle Care Animal Hospital in the event that one of my pets injures the other and requires medical treatment. I furthermore agree not to hold Gentle Care Animal Hospital liable or responsible in any way for any injuries inflicted on either pet by the other, or any unanticipated pregnancies that might arise from intact animals being housed together.
